

A PROFESSIONAL
GEOSCIENTIST
WAS HERE

#SETTINGTHESTANDARD

Hi.

The world needs Professional Geoscientists and Engineers.

HELP US SHOW THAT THESE PROFESSIONS MAKE LIFE WORK.

Today's world was built by Geoscientists and Engineers. Let's work together to show the value these professionals bring to the everyday lives of New Brunswickers.

Use the front of this card and take a photo with something a Professional Geoscientist was involved in creating or designing. Then, tag APEGNB and share your photo on your social media platforms using the hashtag #SettingTheStandard.

Post your photo before September 7, 2020 and you will be entered to win a prize!
