

*Engineers Geoscientists New Brunswick supports community-based initiatives that:*

- *Raise the profile of engineering and geoscience in New Brunswick*
- *Encourage young people to pursue a career in engineering and geoscience*
- *Help teachers and schools expand their Science, Technology, Engineering & Technology (STEM) capabilities*
- *Help students studying engineering and geoscience in university continue their education*
- *Show people that engineering and geoscience improve the quality of life in our province.*

*Our Outreach Projects are funded annually based on a predetermined budget of the Association.*
